

OFFSET BEND

When manufacturing offset bends, the vertical offset dimension, H and the horizontal offset dimension, L, need to be specified.

All offset bends are supplied with 6" **(152mm)** straight ends. [Item numbers for offset bends end with the suffix - 47]

Contact your local sales representative or Champion Fiberglass directly for information.

WOBBLE COUPLING

Wobble couplings are used for minor vertical and horizontal offsets for above ground installations. [Item numbers for wobble couplings end with the suffix - 48]

For further information regarding dimensions, etc., please contact your local sales representative or Champion Fiberglass directly.
